PRESENTED BY
THE CHARTER CLASSES
OF
VALLEYDALE SCHOOL
1970-71
5TH & 6TH GRADES

We, the first graduating class of Valleydale High School, would like to present this annual to the students and faculty and parents who have helped to make Valleydale a successful project dedicated to the process of higher learning.

When this school was first conceived four years ago, it was just a fourth and fifth grade class held around Coulwood pool. The idea of a school where students could attend in an atmosphere of learning, free from the problems found in larger schools, became the basis of the school. The next year a school building was completed and first through tenth grade classes were held.

This year we have first through the twelfth grades, we have erected a gymnasium, and we are continuing to grow and expand our facilities to continue to provide the finest possible education for the students.

MRS. JOAN S. GILES

This lady has been around since this school was first begun three years ago. Not only has she been the head of the English department, but also she was always ready to help anyone she could in any way she could.

She has been the annual staff advisor for these three years and has always seen that everything had been done and was ready on time: this year we want to dedicate the annual to her, Mrs. Joan Giles.

FRENCH

The French clubs always interested in the fine style of France, prepared several French dinners. A pinch of this, a pinch of that

DINNERS

everything prepared "just so" ... a little candlelight ... served with the proper amount of "savour faire" and ... Viola! With cuisine such as this, one can only add, "Bon Appetit!"

During the three years of its existence, the annual staff, like the annual itself, has grown and changed. It has been an interesting endeavor, with hard work and good times. The staff wishes to express appreciation for the interest shown in the Conquest.

Thanks to the coaching of our newly acquired Physical Education instructor, the Vikings for the last three and a half years with a winning season in 1946. George Hopson has done a terrific job of building the team to its present status. This is exemplified in the Vikings' win over Charlotte Latin, who last year beat the Vikings by more than twenty points. We are expecting an even better season next year.
